

1.2B4. *OPTIONAL ADDITION.*

*LC practice:* Do not apply this optional rule to any case of merely *supposed* differences in issues that might make them different editions. Apply the option for *manifest* differences where the catalog records would otherwise show exactly the same information in the areas beginning with the title and statement of responsibility area and ending with the series area.

*LC/PCC practice for updating loose-leaves:* Apply the option if the main entry and/or title proper of a resource being cataloged would be the same as that of the resource it continues.
